PROJECT EXPERIENCE

Hebrew Dictionary — Dictionary and Partial Translator

- Designed a Multi-Functional Hebrew Dictionary. Able to find root words and derivatives.
- Able to search multiple words at a time (up to at least a paragraph).
- Added a Hebrew keyboard for entering and formatting words.
- CRUD local text file database.

WORK EXPERIENCE

Sales Associate Deli, Walmart, St. Louis, MO, November 2012 – Present

- Work included cutting meat for customers making sandwiches, and serving hot food to customers.
- Made sure the customer was satisfied with the product and service, and that the Deli was clean before I left on night shifts.

Maintenance, Walmart, Marietta, GA, February 2009 – July 2010

- Work included cleaning up spills, cleaning restrooms, and sweeping the floors.
- Also Helping customers, and occasionally repairing parts of the store.

Warehouse, BrandsMart USA, Kennesaw, GA 2006 – 2008

- Work included retrieving customer orders from the warehouse. Also loading and tying their appliance on the back of their truck, or in the trunk of their car.
- Sometimes opening the package and showing the product to the customer before resealing it and handing it off to the customer.
